Thank you for choosing to give the **Gift of Hope** this year!

**There is a silent epidemic in our nation:** young women living under private or public programs reaching adulthood without the resources they need to succeed. Although they may look like normal healthy adults, at night you may find them sleeping in their car or on a friend's couch. Without adequate resources, high rates of crime, drug use, homelessness, suicide, and emotional trauma are often the result. Where do they go for help? Who hears their cry for help when they are alone?

Saving Grace will help young women ages 18-24 unlock doors of opportunity, security and hope through education and supportive relationships. More importantly Saving Grace will encourage them to deepen their faith, strengthen their resolve and learn to trust others - because they have learned trust a Savior.

Acceptance, restoration and hope are things we often taken for granted, but for those living without them -- receiving them makes all the difference in the world. Your gift can change lives!

God's grateful girl,

*Becky Shaffer*
